Career Pathways

Career Pathway courses allow juniors and seniors the opportunity to take college courses while still in high school. Students who complete the course will earn high school and college credit. These courses are known as dual credit courses.

Students may take a sequence of college courses while in high school, which could lead to a CCC certificate upon completion.

CCC tuition applies to Career Pathway courses. Tuition assistance may be available, check with your school counselor.

Listed below are Career Pathway courses currently available at your school. Certain pathways may change due to course curriculum updates.

Create an Account

Before enrolling in Early College courses, students will first need to complete an online profile. You can do so by going to www.cccneb.edu/Apply. Select 'Create Account' to get started.

Early College Registration Form

Students will need to complete an 'Early College Registration' form before enrolling in any General Education or Career Pathway courses. These applications will be provided by CCC's Extended Learning Services offices or by your school counselor.

College classes are taught on-line, televised, lecture, lab, or face-to-face instruction either in the high school or at our campuses and centers.

Students are required to take a pre-enrollment assessment of Accuplacer or ACT. Check with your guidance counselor for current minimum acceptance scores.

Transferability of Early College courses are determined by the receiving institution. Central Community College transcripts can be sent to any college upon the student's request.
